AMAN
SPA

at The Connaught

Beneath the elegant Edwardian lobby of The Connaught in London lies a portal from England to the East. The Aman Spa at The Connaught is the first Aman resorts-branded facility built outside one of the company's own properties. The result is an oasis of tranquillity that reflects the group's inimitable style and Aman's Asian-inspired aesthetic. Aman's first urban destination combines cool granite and white marble, warmed with timeless honey-gold oak and dove-grey Portland stone. Organic linen, cotton, bamboo and silk in white and burnished pewter add further warmth. Ultimately the effect is one of harmony creating an atmosphere of luxurious calm.

Discover the Aman Spa Signature rituals, available at every Aman Spa destination around the world, reflects the Grounding, Purifying and Nourishing formations of the Aman Skincare product range. A deeply relaxing, mineral-rich foot ritual is a prelude to each treatment. This is also symbolic – an act of humble service that fosters trust, helping guests to fully benefit from the treatments that follow.

Our Philosophy

Wellness is more than being free from illness, it is a dynamic process of change and growth, a state of complete physical, mental and social wellbeing. Aman's spa concept has been carefully curated with four pillars of wellness in mind – nutrition, movement, psychological health and bodywork – with the singular goal of achieving this ideal balance of Integrated Holistic Wellness for every guest.

Treating the whole – mind, body and spirit – by integrating ancient healing modalities with the best of modern science, Aman strives to provide guidance, support and knowledge in a journey that extends beyond the physical boundaries of the globe's Aman Spas. Our aim is for guests to leave empowered and renewed, with the tools to continue their wellness journey, and the resilience and focus to put them into action.
